Clerk of the Court United States District Court District of Nevada Lloyd D. George Courthouse 333 S. Las Vegas Blvd. Las Vegas, NV 89101

In re CV Sciences, Inc. Security Litigation, Case No. 2:18-cv-01602-JAD-BNW (D. Nev.)

Richard A. Durand 4865 S. 167th Ave. Cir. Omaha, NE 68135 Phone: 402-740-6169

Enclosed you will find my proof of equity ownership in CV Sciences, Inc. during the "Class Period" which qualifies me as a "Class Member" to the suit being addressed.

Please accept this letter as my formal objection to the "Settlement" being proposed to the Court. The reasons for my objections are as followed:

- 1) The Lead Plaintiff's documentation as described in the informational papers sent to me, describing the reason for the lawsuit are vague. There is no documentation, proof or evidence, that CV Sciences, Inc., made misleading statements to the public. Since the "Defendants deny any wrongdoing or liability whatsoever", as a shareholder, I believe further investigation is warranted to find out whether or not any large short positions of the Company's stock existed prior to or on the day of these allegation became public and if so, who they were.
- 2) My Purchase price of the stock on 8-20-2021 was \$8.79 per share. Upon the allegations becoming public the Company's stock price and my investment was crushed, almost immediately, leaving me basically no choice but to take a "wait and see" if the stock price would recover. It never did as the allegations persisted. I still own the position in my IRA.
- 3) The settlement is completely and totally inadequate and needs to be re-designed so that shareholders may recover their investment. For example: If the Company plans to stay in business, a revenue sharing program with the shareholders can be developed where annual distributions can be made or bonds issued to the shareholders that pay a market-based interest rate may suffice. I am sure there is a better way to design this settlement than what is being proposed. The monetary settlement for the members is confusing, unclear and insufficient.

I ask the Court to reject this Settlement as proposed.

Thank you for attention to this matter.

Respectfully,

Cc: Katherine M. Lenahan, S. Todd Neal, Eric A. Plourde
